Principals Letter

To the West Rutland Class of 2024,

Your high school career has been marked by COVID-19, wars in multiple countries and numerous challenges in our own country. These events seem to be far removed from WRS, yet have some bearing on us all. One of the goals of a democracy is to educate our youth to be able to understand and make their own decisions. I would like to think that WRS has helped shape you as the young adult you are. Core concepts of respectful behavior, caring for your community and self-responsibility are key all core values that WRS prides itself on.

As you leave WRS and head out into the world, whether traveling far away or staying close to home, these values will help guide you in your decision making. Think back to your WRS staff and lessons learned. This could be from any staff member such as a teacher, classroom assistant, coach, custodian, cafeteria staff or Principal. We hope that you have had positive role models and were given sound guidance. So many of our students come back to us and thank us for being there, day in and day out, for our support and guidance. While any school can teach the A,B,Cs, it is all of the other items that are taught that will guide you in your future years.

I wish you the best in the future and feel confident you have the tools necessary to be successful. Know you will be welcomed back to the place you have spent so much of your childhood. Your time spent here at West Rutland School was well worth it. Good luck Class of 2024.

-Mr. Slenker

DEDICATION

Benjamin Curtis

We would like to dedicate this year's yearbook to Mr. Ben Curtis. Ben passed away on February 16th, 2024. He was a major part of the GRCSU community. He was a teacher within the Social Studies Staff at Proctor. We are lucky that some of our students were able to have had the experience to have him as a teacher at West Rutland as well. During the first semester of this year he shared his knowledge of psychology with one of our high school classes at West Rutland. People could always count on him to brighten up a room and get everyone laughing. He was always willing to help students, staff, as well as the community. We are so thankful to have been able to learn from him, and to have been able to have had him as a staff member at our school. He will be missed dearly.

Jill Dutton

We would also like to dedicate this year's yearbook to Mrs. Dutton because of all of her years of hard work she has put into this school and her students. The class of 2024 chose Mrs. Dutton due to her enthusiasm in inspiring students to go above and beyond. Mrs. Dutton has seen us all grow as students and young adults. Her dedication towards our community has not gone unnoticed. We thank her for making the lobby a comfortable and welcoming place for students and visitors. Above all, she is a wonderful teacher that has helped us to see the world through colors and shapes. She is dedicated to her students, to her school, and to Art. Thank you for encouraging us to take risks, explore diverse art styles, and find beauty in imperfection. Your wisdom has transformed our perspective on art.

I have never done that in my entire life, so I'm not sure why he would ask that of me. However, I do have amazing luck that never seems to fail me when I forget to stud for tests. So I'll give him that, hopefully it helps him out a little bit. Kylie has requested my humor. Without them I wouldn't be the person I am today and I am beyond grateful for them. I want to thank my brother, Zac, for being someone that I have always looked up to and have always strived to be like. I want to also thank all of the teachers who have been a part of my life to get me to the point I am at now. Lastly, I would like to thank Zach Thompson for showing me my self worth not only as an athlete but even more importantly as a human. I do not know what I would do without you.

Will: I will my athleticism and competitiveness to Maggie. I also will my academic ability to Izzy Griffith.

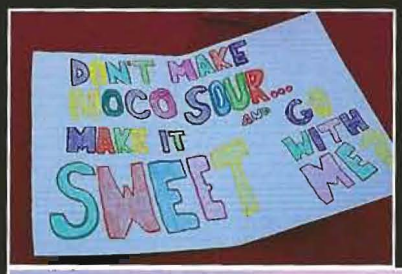
Homecoming 2023



Homecoming, the night our schools come together to light our bonfire. The varsity teams work together and host mini games for the elementary and middle school teams. We spend time together boosting everyone's spirits, and hyping each other for the amazing day ahead. At the games cheering came from everywhere on the field, and the concession stand was booming with business! All teams put up a fight, with the Girl varsity claiming a victory. Lastly ending the day with a homecoming dance where everyone danced their hearts out! It was certainly a Homecoming for the books!

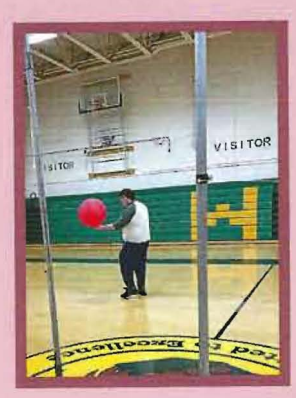
Bass Fishing

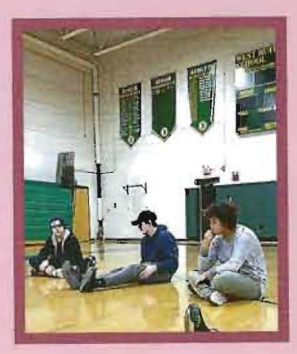
This year our Bass Fishing team won 1st and 3rd place at Lake St. Catherine. They put time in every weekend to practice for the big tournaments along with even some days during the week. The team gained a strong connection and made many memories they will cherish forever.

Unified Sports

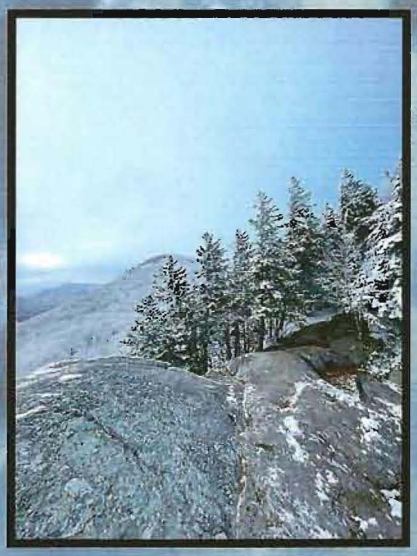
Playlist

The Unified Sports team this year spent a lot of time creating bonds and working together during the day to play different sports and tag games. Many high schoolers helped out this year during the WIN block to work with the students in the class. Everyone had a great time!





Winter



This winter was full of excitement and new activities. The girls basketball team is coming of a strong season last year and are continuing on a strong season this year, competing at a new level. The boys basketball team is working harder then ever and proving to be one of the top dogs in D4. Everyone has been showing their school spirit during our Varsity and JV games by dressing up according to the theme. We have had so much fun in the snow this year!

We closed our eyes for a moment and suddenly a man stood where a boy used to be. You have given us so many reasons to be proud of the man you have become. We are fortunate to declare to others that you are our son.

We are in awe of your work ethic and proud of the efforts you have put into both your athletics and your academics, albeit with a little procrastination. Through all these years you have became an exceptional athlete and scholar. You have never let us down!

You have discovered a path and passion which you are now ready to follow and we are excited and rooting for you. We are extremely thankful that we get the privilege of being your parents.

Love,
Mom and Dad
